Planning Application at: Adjacent Delny House, Delny, Invergordon.

Thank you for your enquiry. This application is in an area where buried archaeology could be affected. Any finds or features revealed by the works should be identified and, if necessary, recorded before destruction.

Please therefore make any approval conditional on the implementation of appropriate arrangements to do this.

In this case I would recommend the following condition:

No development shall take place until arrangements have been implemented at the applicant's expense for an archaeologist to observe and, where necessary, record any archaeological features revealed by groundworks. Such arrangements must be agreed by the Highland Archaeologist to ensure their adequacy, and approved by the Planning Authority.

Please also advise the applicant to contact this office as soon as possible to discuss this.
