 NH 806 533 Air photography has revealed the crop-marks of a homestead and a pit-circle about 200 m WSW of Mains of Gollanfield farmhouse. The homestead is circular on plan and measures about 20 m in diameter; it contains slight indications of what may have been a timber house. Outside the homestead on the SE there is a pit-circle, possibly the remains of a timber house, which measures about 12 m in diameter. An arc of ditch and a number of pits are visible about 45 m to the NW." (1)
